

DREAM MY CHILD

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*

Dream my pumpkin,
Know that there will be hard times
and good times,
There are no rainbows without rain,
After the storm comes the sun,
Know that you are able to walk
through those times,
And see the sun once again

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*

Dream my small one,
Know that people will always make
mistakes,
Sometimes things that seem
unforgivable,
Know that being able to forgive is
hard,
And if you're able to forgive,
You are already one step ahead,
Forgiving is the key to peace,
And peace brings the friends, foes, and
enemies together

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*

Dream little one,
Know that you're loved no matter
what,
There will always be someone there to
support you,
Someone who will carry you over
mountains when you meet them,
Help you swim across rivers,
And fight off those giants you can
never seem to beat
Know that there will be someone by
you through this journey called life.

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*

Dream my love,
Know that happiness is important,
Follow your heart,
Do what is right,
Listen to your heart and brain,
Together they will show you the right
path.

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*

Dream my dear one,
Know of those who died on the
battlefield,
Know that they didn't die for nothing,
They fought for freedom and justice,
They fought for those they loved,
Cherish the freedom and justice,
And know that sometimes, sacrifices
are necessary.

*Dream my child, dream,
Dream of the wonders,
Dream of the fears,
Dream of the love and kindness,
The betrayal and hurt,
Dream my child, dream
I know these dreams will show you the
right path*
